

Everyone is Welcome

Women of Vision-Monterey Bay Chapter

Give B.A.C.K.

In response to the AIDS pandemic, World Vision has created a very practical response:

Caregiver Kits.

Each kit contains basic necessities needed by people caring for those living with HIV/AIDS and costs \$30.25.

At our event, we will invite you to participate in this effort by donating towards the cost of the Kits.

Also, *we invite you to join us for our Build a Caregiver Kit event on May 3rd*, when we will assemble the kits to be shipped to countries where they are most needed!

For more information contact:

Special Guest Speaker

Princess Kasune Zulu

Princess has dedicated her life to fighting HIV/AIDS – the global epidemic that has claimed the lives of over 20 million people. She was orphaned as a young teenager and assumed the care for nine orphans. In 1997, Princess tested positive for HIV/AIDS. She says, “My diagnosis was a spiritual awakening.” Princess serves as International Spokesperson and AIDS educator for **World Vision’s Hope Initiative**. She has taken her message to the UN, across the USA and Africa, and to many other regions and nations.

Please invite your friends and join us:
